

# COMMUNITY SEMINAR

## “Sudden Cardiac Failure: A Silent Threat for Athletes”

**Attention athletes, parents and coaches, you're invited to a free event that could save a life.**

**September 27, 2011 ♦ 7:00 - 9:00 p.m.**

**Troy Community Center  
3179 Livernois, Troy, MI 48083**

### Agenda & discussions will be led by:

- Dr. Jeff Pierce, Michigan Sports & Spine Centers
- Dr. Joel Kahn, Cardiac expert
- Benefits of the Cardio-Gram Screening
- Who is at risk? Are there any signs?
- What is Hypertrophic Cardiomyopathy?

Studies suggest that sudden cardiac death (SCD) in sports, while very tragic, is a rare event; however the reality is these deaths are much more common than previously reported. **So when it comes to our children, are we willing to take a chance?**
